

Rehoming a Bird

Stage 1

- Fill out an application form (available from JSPCA Reception or website) to rehome a bird and hand in to reception.
- Please note your form will be kept on file for 1 year.

Stage 2

- JSPCA will call you when they have a suitable bird for you.
- Alternatively, if you see a bird advertised on the JSPCA's social media or website please contact the JSPCA reception expressing interest.

Stage 3

- If a bird is suitable for you you will be asked to come in for a chat with one of our clinic team and for a viewing of the bird.
- Please bring with you Landlord Permission (if you rent) and proof of address (utility bill) dated within the last 2 months.

Stage 4

- If the JSPCA and yourself feel your home is suitable for the bird you will be asked to come in for a certain amount of viewings, this is dependent on the bird and their requirements.
- A home visit may also be required where you will need to show the enclosure you have for them or you may be asked to supply photos and measurements of the enclosure
- At this point the bird will be reserved for you.

Stage 5

- Once your home visit has been completed (if required), enclosure has been approved, the required amount of viewings have been completed and the team are happy with the bond between yourself and the bird you will be able to adopt the bird.
- A payment for adopting a bird from the JSPCA is required. This is to cover the overhead costs of preparing a bird for rehoming.
- Paperwork is to be completed on adoption, the reception team will assist with this.

Stage 6

- Once you have adopted the bird please choose a private veterinary practice you wish to take your pet to. Once you have found a private veterinary practice please let our reception team know so they can transfer your pet's medical history.

Please note that if we have a lot of interest in an animal, we will select the most suitable home for that animal and their needs.
